

The Motorcycle Technical Committee has been working on 3 rule clarifications. This is how Tom and the Inspectors have interpreted the rules for some time. This will stop some confusion and make an even playing field. **These are NOT RULE CHANGES.**

RULE CLARIFICATIONS:

7.E Factory installed options are acceptable.

Distributor or Dealer installed OEM options & accessories are NOT acceptable.

7.E.1.12 Front and rear sprocket number of teeth is optional. **You must RETAIN OEM chain size.**

7.E.1.2 Passenger footrests and brackets shall be removed. **Brackets must be retained if holding a muffler or other part other than the footrest.**
